• Birthdays and Anniversaries

• Program

George Eidson brought in some of his fishing lure collection this morning to tell us about his hobby. He had lures, reels and an old wooden pencil box that had been turned into a lure box. Appropos the weather outside today, he told of going halibut fishing in Alaska and making the mistake of having only sneakers on his feet on the deck of the fishing boat. Nobody told him that the deck would be awash with 38 degree water all day. Although he had to fight off hypothermia, he did manage to land a large halibut that made it all worthwhile.
