Program

Tom Knotek, On The Spot Glass

He is into the community whole heartedly with people who do good work. He tries to key himself on doing good work which is the best way to advertise. He purchased the business, formerly J & S Glass, 4 ½ years ago. He lost his job in Vegas 7 year ago and decided he would either do brain surgery or the glass business. The glass business won and he created On The Spot Glass and Screen Replacement. He has 2 additional employees and an office “girl”. They can do glass from picture frames to shower enclosures. Any glass or screen they can build or fix. Hours are 8-5, Monday through Friday, no weekends. He can repair or build storm windows, install new screens, including pet screen. If insulated windows fog, they will replace. They give estimates. Works in Lenawee, Hillsdale, Jackson and Washtenaw counties. Can also do mirrors.

He loves what he does. He started with an auto body class at VoTech and from there went to work for Adrian Glass. He does windshield and side window repair and antique car windows.
