Program

Jan Salisbury, League of Women Voters.

Group is only 1 year old. Website: www.lwvtcumseh.org Email: lwvtcumseh@gmail.com

Mission Statement: The League of Women Voters, a nonpartisan political organization, encourages informed and active participation in government, works to increase understanding of major public policy issues, and influences public policy through education and advocacy.

It is amazing how many people are not registered to vote. Many people who are registered actually do not vote. You can join the League as a student starting at age 16. The group is nonpartisan and want to educate people on the voting process. People know about gerrymandering but not what a primary is.

The league talks to students at many high schools. They have registered over 100 kids in the 4 schools they have visited.

Vote411.org is a great resource and will have information on all Lenawee County Candidates. Things on the ballot this year -

marijuana, minimum wage, re-districting, absentee ballots and conservation issues. Kids don't understand what is on the ballots. They have many professionals speak at their meetings. Will have a candidate forum in the Fall. There is no regular meeting schedule, the next meeting in on June 2.
